London, July 12th.—A Berlin message says it is announced there that the result of the plebiscite in West Prussia and East Prussia shows an overwhelmingly German majority.

London, July 13th.—A strong attack was made in the House of Commons yesterday on the Govt's financial policy, especially the excess profits tax. The discussion came up over the finance bill, which is in the committee stage. Mr. Austen Chamberlain, replying to criticisms, declined to reduce the excess profits duty below 60% as provided in the budget, but he promised that next year the duty would not exceed 40%. The Chancellor also undertook that there should be no more borrowing, but said the nation should begin, while it was prosperous, to make an early endeavour to reduce the debt. He was glad to say that at the Govt's advice, the banks were showing more caution in advancing credits for speculative purposes.

London July 13th.—Lieut. John Stoke, who was discharged three weeks ago from the British army and appointed to organize the defence of the police headquarters in Ireland, was killed during an attack on the Newport Barracks in County Tipperary yesterday.

Mexico, City, July 12th.—General Joaquin Amaro has Francisco Villa revolutionary leader in the State of Chihuahua surrounded, following an encounter near Parral in which 500 rebels and 300 federals participated.

Mexico City, July 12th.—Legislation making all Mexico "Dry", is being prepared for presentation to the next Congress at the office of Provisional Presi-

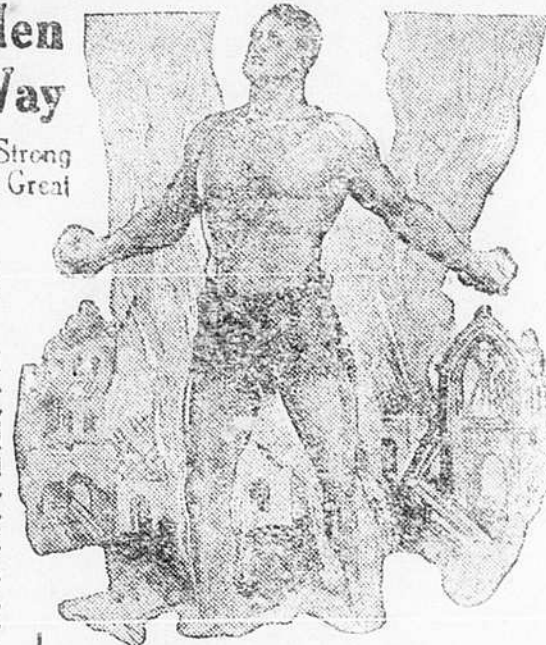

What Makes Men of Blood and Iron? Men of Stamina, Force and Success—Men Who Lead The Way

Physician Explains Secret of Strong Nerves, Keen Active Brains and Great Physical Energy—says

Nuxated Iron Helps Put Strength and Energy into The Veins of Men

It is the men of blood and iron—on a par with the war-hardened fellows returning from camp and field—who will forge ahead in the business and political life of the country today. Living in the open, eating coarse foods and leading regular lives have made blood rich in iron for these strong, healthy, vigorous specimens of manhood. But no such opportunity for building up their health is open to thousands of men and women in civil life whose wearing tasks and iron-impooverished food sap their energy and make them weak, anæmic and run-down and often cause their blood to literally starve for want of iron.

In commenting upon the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says: "Iron is absolutely necessary to change food into living tissue, muscle and brain. Without iron there can be no strong, red-blooded men or healthy rosy-cheeked women, and unless this strength-giving iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive. For supplying this deficiency and increasing the red blood corpuscles, I know of nothing more effective than organic iron—Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory

Will War Help Make New Race Of Super-men With Strength and Endurance Like Athletes of Old?

results. The fact that Nuxated Iron is today being used by over three million people annually as a tonic, strength and blood-builder, is in itself an evidence of tremendous public confidence and I am convinced that if others would take Nuxated Iron when they feel weak and run-down, it would help make a nation of stronger, healthier men and women."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. And this after they had, in some cases, been doctoring for months without obtaining any benefit.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

dent De La Huerta, says the newspaper "Universal".

London, July 13th.—Sir Matthew Nathan has been appointed Governor of Queensland in succession to the late Sir Hamilton Goold Adams.

London, July 13th.—Further official confirmation was given yesterday that the Allies had made proposals to the Russian Soviet Govt. for immediate armistice on equitable terms between

Poland and Russia. This confirmation was given in the House of Commons by Mr. Bonar Law, the Govt. spokesman. Mr. Bonar Law, also declared that the Soviet Govt. had accepted Great Britain's term for a resumption of trade between Great Britain and Russia.

London, July 13th.—The Council of the League of Nations has decided
