Correspondence

Christiansted, St. Croix, V. I. U. S. A.
May 23rd 1923.

Dear Mr. Editor:—
Please allow me space in your valuable paper to express to our community some striking facts that I and also others have lived to see in a short time.

No. 1. That from 1920 to 1923 we are all crying for a good rainfall all over our poor little St. Croix.

No. 2. For 6 years we have changed 5 Secretaries.

No. 3. 4 Governors.

Now let us all hope that with this new change of Secretary that we have a man of some good spirit that has now entered our little St. Croix and not

to be as some that we have seen here just living in certain quarters, with certain fellows coming in and filling his head with somebody else's business as I have sat and hear, just for the sake of making themselves very big and is very small at the same time. Let every honest man sweep his own door before he tries to throw dust in other people's homes. You are a new MAN, you will see a lot of biles and a good many tricksters will come around, but you will find that the poorest ones will be much better, very often to have a talk with and won't mislead you, now we hope that yourself and family will spend at least three years among us. Don't think us savages as some may say the Negro is blind he is no good; we can see and see pretty far too. We want broad minded MEN among us, and no more of these tricksters.

Again thanking you for your valuable time and space,

Yours very truly
W. S. ABRAMSON.

ST. CROIX STATION.

Washington, May 20th.—The diplomatic corps at Peking, according to advices to the State Department, has been notified by the Chinese bandits that the foreigners still held captive by them will be shot unless troops are withdrawn by Tuesday.

Paris, May 19th.—Marshal Foch returned this morning from his tour of Poland and Czechoslovakia.

London, May 20th.—A statement issued at No 10 Downing Street said "Mr. Bonar Law's voyage did not improve his health. On his return to London yesterday, he was examined by medical advisers, in consequence of whose advice Mr. Bonar Law immediately placed his resignation in the hands of His Majesty the King, who was graciously pleased to accept it". In accepting the Premier's resignation His Majesty expressed the deepest regret and inquired solicitously as to Mr. Bonar Law's health. The bulletin issued today by Mr. Bonar Law's physicians said. "In spite of his rest, the Prime Minister's voice still is unsatisfactory and we are unable to promise any improvement within a reasonable time. The state of the Prime Minister's general health is not good". Mr. Bonar Law's resignation was taken to the King at Aldershot by Colonel Waterhouse, the Premier's Private Secretary and Sir Frederick Sykes, his son-in-law, who conferred from London. They had a lengthy audience with the King, who appeared much moved by the news of the aggravated condition of Mr. Bonar Law's health. While Lord Curzon is looked upon as the likely successor of Mr. Bonar Law, Mr. Baldwin is mentioned prominently. When approached at Criccieth tonight, Mr. Lloyd George said he did
