

Public Notice

THE attention of the public, and the merchants in particular, is earnestly called to the following order issued today to enlisted men of the United States naval service on duty in the Virgin Islands.

"1. No enlisted man of the United States Navy or Marine Corps on duty in the Virgin Islands shall, in any one month hereafter, without written permission from his commanding officer in each case, contract debts beyond an amount which he shall be able to conveniently pay on the first pay day in the following month.

"2 Men reported for failure to pay just debts on such pay day shall be subject to trial by court-martial."

Persons extending credit to such enlisted men should use discretion as to the amount of such credit so that the above order may be fully complied with. While investigation will be made of reports of unpaid debts so that disciplinary action may be taken, nevertheless the Government will not act as a collection agency for the recovery of such debts.

This notice applies only to debts contracted after October 1, 1921.

Publication.

THE general repairs of the Public Roads shall commence on 1st October, and be completed for inspection by 31st January.

Repairs of bridges, side-walls, etc., are included.

Until the reassignment of the roads can be made, all parties are bound to keep in repair their present holdings, and as soon as labor can be obtained, it is imperative that the holes in roads be filled, especially on the Center Line.

The boundary-posts shall be inscribed with the full name of the Estate, or personal holder, and not initialed only: as for example, "Anna's Hope", not A. H. "John Thomas", not J. T.

Signed: EDGAR W. MEYER.

Police Notice.

1. The Public is hereby notified that in event of an impending hurricane the following signals will be given at Christiansted, Frederiksted, King's Hill and Richmond Penitentiary:—

Two sky rockets will be fired at an interval of five minutes and the hurricane flag (red with black centre) will be displayed.

2 These rockets when fired rise to a height of approximately two hundred feet and when at their greatest height explode with a loud noise similar to that produced by a small cannon.

3. These signals will be given only when it is reasonably certain that this island will experience a very strong wind and all persons should immediately prepare for a hurricane, when two rockets are heard or seen.

4. News of a passing hurricane which is not expected to strike this island will spread only by telephone as the rockets signals are limited.

5. The firing of one rocket or three or more rockets should be disregarded by the public as those signals are only for the use of the Police Department.

6. In addition to the above signals the towns of Christiansted and Frederiksted will be further notified of an impending hurricane by a policeman or marine going through the streets beating a drum or sounding a bugle.

VIKING CORD

THE TIRE OF SUPERIOR QUALITY
AT A MODERATE PRICE

"We pay our Workmen in Tires a very high wage. We keep the number of each Tire which each man makes. Then, if there are any just complaints, we refer to the number of the Tire, and the man who has made it have to pay the claim. The workmen agree to this, because they receive very much higher pay than is customary in other factories; and by having to pay the claim if there is any—is undoubtedly the cause that they take special care in the construction of these tires; and to this is due the great record of the "Viking Tires".
