Re: Validation of Soil and Groundwater Data from the Tutu Wells Site, St. Thomas,
USVI

Dear Mr. McBurney and Mr. Seibel:

Please provide full data packages on soil samples from MW-15, MW-16, MW-17, MW-18 and groundwater samples from Gassett well, MW-16, MW-5, MW-10D, MW-18 and MW-6D so EPA could conduct a complete validation accordance to the EPA Region II SOP.

Please let me know when should I expect these packages so I can reserve EPA QA validators to validate these samples.

Thank you for your advance cooperation.

Sincerely yours,

Caroline Kwan
