"AN EIGHTH OF AN INCH!"

If you have ever cut into a worn automobile tyre you have seen that the foundation of tyre construction is cotton fabric.

So little a difference as an eighth of an inch in the length of the fabric of the cotton itself can make thousands of miles difference in the tyre's performance.

Some tyre makers think cotton of extremely long staple is too expensive to use, and are satisfied with a less costly grade.

But Goodyear puts into its tyres only the long-fibre kind.

This is only one of the many reasons why;
