REGULATIONS

Governing The Export Of Cattle.

EXPORT License can, as a rule, be expected as long as the live stock of the island is not thereby, in the opinion of the Food Commission, reduced to such an extent as to cause a rise in the existing prices of Milk or Meat, fixed by the Food Commission for local consumption, or shortage of said products for local consumption. Export licenses will only be granted by the Commission on the basis of stocks owned by the applicant, for which reason the intended exporter must, in his application, mention the number of cattle held by him at the time of applying; also the number of cattle already exported by him during the present calendar year.

The Export License will moreover be made conditional on the applicant's declaring himself willing to place a similar number of head of cattle of corresponding size at the disposal of the Food Commission, should occasion require it, at the prices fixed by the Food Commission for local consumption, at the time the export license is granted, which condition will attach as a lien on the stock if sold locally for other purpose than butchering for local consumption.

Licenses for exportation of cattle expire fourteen days after date issue.

FOOD COMMISSION.
