

Heritage. History. Hope.

Walking through the hallowed halls of a historically black college or university, affectionately called HBCU's, one can breathe in the rich culture of Afro-centrism, drink deep the writings of Frederick Douglass, W.E.B. DuBois, Richard Wright, Chinua Achebe, Sonia Sanchez and many others; sup on the legacy of many great pioneers: scholars, scientists, engineers, and athletes; get filled with pride of our vast heritage—one of struggle, yet of hope. The University of the Virgin Islands is proud to count itself among the many elite historically black colleges and universities—the only HBCU outside of the contiguous United States. Enroll at a UVI—a higher education experience of a lifetime in a tropical paradise.

What does it take to make a family's dream come true?

Nothing is as satisfying as watching a family member, draped in cap & gown, march across the stage becoming the first person ever in their family to receive their college degree. At the University of the Virgin Islands, we've seen hundreds of students be the first to ever attend and graduate from college. Be the first and make your family's dream come true. Let's shape and change our world together. Call today for your application.

My
experience
at UVI is
about
building
life-long
friendships.

My college experience at the University of the Virgin Islands is about more than studying for hours under a palm tree on the beach waiting for the fiery red sun to descend into the Caribbean. It's about more than the salty ocean spray that gently cools me as I move between classes. My experience at UVI is about building life-long friendships with faculty members and fellow students. It's about me finally making the commitment to acquire a superior education. It's about me not wondering what life would be like without my degree. Let's shape and change our world together. Call today for your application.

I'm on a mission.

Can't slow down now. Got to keep on moving. A high school diploma isn't enough anymore. A college degree is necessary to succeed today. My family, friends, and high school teachers say I'm destined for greatness. I believe them. So I looked at my college options and decided to enroll at the University of the Virgin Islands. I prefer small classroom settings. They have that. I need one-on-one time with my professors. They have that. I want to major in marine biology. They offer that. Sometimes I need uplifting and a clearer direction to find my way through life. They supply that. I want cultural enrichment in a diverse setting. They encourage that. Come join me at the University of the Virgin Islands. Let's shape and change our world together. Call today for your application.

Thinking about going to college?

Then pack your summer wardrobe (it's hot here all year long). Bring your sunglasses and snorkels. Hop a plane to St. Thomas. Prepare for a challenging, yet fun academic experience at the University of the Virgin Islands. We offer an array of associate's and bachelor's degrees programs in more than 20 disciplines. Master's degrees in public administration, business administration, and education are available. We provide a post-master's degree program in educational psychology. UVI is one a few universities that offers undergraduate degrees in marine science. Come join us at the University of the Virgin Islands. Let's shape and change our world together. Call today for your application.

Where can I find out about scholarships?

Each year, thousands of prospective college students ask the same questions you do. How can my parents pay for my college tuition? Where can I find out about scholarships? Are there people at my college of choice who can tell me about financial aid? The University of the Virgin Islands has the information you'd expect and need: from calculating college costs, to declaring a major, to identifying scholarship sources. Let's shape and change our world together. Call today for your application.

I deserve it!

It was rough growing up. I managed to stay out of trouble and have done well in school. I have had my eye on college and heard about a cool college in the Virgin Islands. I can learn, have fun and enjoy an unforgettable experience far away from home. Can I afford it? Everyone should have access to funds to pay for a good education. Do you have the desire to learn? Let's shape and change our world together. Call today for your application. Let the University of the Virgin Islands Financial Aid department work on the rest.

What am I missing out on with no professional development?

Answer: Improved job performance, a significant salary increase, promotions, recognition as an expert in my field, opportunity to travel. Remember when you dreamed about how your life would be after you took that professional development course. What better way to discover your potential than an educational experience on the islands of St. Thomas or St. Croix? Let's shape and change our world together. Call today for more information.

Your Success is Our Passion

A couple of people suggested that I go to the Small Business Development Center for help with my business plan. I did, and the results were really fast. It only took a week to complete the plan, take it to the bank – and, here I am. The UVI Small Business Development Center is proud to establish partnerships with the Territory's small and minority business community. Let's shape and change our world together. Call today for more information.
