PROCEEDINGS OF THE COLONIAL COUNCIL FOR ST. CROIX.

Government Secretary (Gaffney) re-
marked: Mr. Chairman. Government
has no statement to make on the Money
Bill introduced for the purpose of erect-
ing more telephones other than direct
attention to the cost; however if the
majority of the Council is in favor of it,
the Government will approve it.

3rd Member for Christiansted Town
(Alexander) remarked: Mr. Chairman.
I fully agree with the 3rd Member for
Christiansted Country District. There
is no one who has greater need for a

phone than those who live in the country,
particularly at the Bluff. I have been
there myself, and have seen the necessi-
ty for a phone. There are at present four
applications on file for telephones; which
will net one hundred and forty four dol-
lars per year, but it must be taken into
consideration that these phones will cost
five thousand five hundred and fifty
francs for installation. As a precedent
has already been established I will vote
for this Money Bill, but an effort should
be made to put the telephone system on
a paying basis.

1st Member for Christiansted Town
(Abramson) remarked: Mr. Chairman.
I think it is fair and just that a telephone
be installed at the Bluff; it would be a
great comfort for those living there and
to the community. I advocate that the
Money Bill before us be favorably con-
sidered by the Council.

3rd member for Frederiksted Country
District (M. M. Skeoch) remarked: Mr.
Chairman. I would like to call attention
to the case of my neighbor, Mr. Linde-
burg at Enfield Green, who complains
that he has made application for a phone
for sometime now and he has not suc-
ceeded. Now we are voting for the in-
stallation of telephones, I hope his appli-
cation will be considered.

The Acting Chairman remarked: I
have been waiting for over three years
for a telephone, and it is only a few
months ago, I succeeded in having it in-
stalled. It is a great convenience. It
was decided in the Municipal Committee
that this telephone system is not a pay-
ing concern. The last speaker spoke
about his neighbor not having a tele-
phone installed, although his application
has been filed for sometime. I have two
neighbors who applied for phones and
they told me the other day that they
have not had their telephones installed
as yet; I guess it is on account of lack
of funds.

1st Appointed Member (Henderson)
remarked: Mr. Chairman. We have
another matter before the House that is
more important than the installation of
telephones; and as this matter has been
fully discussed, I move that the discus-
sion be closed.

1st Member for Christiansted Town
(Abramson) seconded the member's pro-
posal.

The Acting Chairman put the proposal
to the vote.

11 members voted for; none against.

1st Discussion closed.

Government having given consent, it
was put to the vote and unanimously
carried that 2nd Discussion on the Money
Bill come on today.

2nd Discussion opened.

1st Member for Frederiksted Country
District (Andersen) remarked: Mr.
Chairman. 3rd Member for Frederik-
sted Country District has called attention
to a party who has applied for a tele-
phone for more than one year, and the
Acting Chairman says it has not been
installed for lack of funds; if that is the
case, would it be fair to vote for tele-
phones for "Hams Bluff" and not con-
sider the applications of others which
have been pending for a longer time? It
seems to me that the Telephone Mana-
ger should be advised that applications
should be considered in the order in
which they are received.

Government Secretary (Gaffney) re-
marked: Mr. Chairman. Government
has taken notes of the remarks of the
1st and 3rd Members for Frederiksted
Country District and will find out the
cause of not having telephones for which
applications have been made installed;
and if it is lack of funds they will be
advised and money bills can be introduc-
ed to take care of the matter.

1st Member for Frederiksted Country
District (Andersen) remarked: Mr.
Chairman. I am fully satisfied with the
remarks of the Honorable Government
Secretary.

The Acting Chairman (Blackwood) re-
marked: As regards my neighbors' ap-
plications, whether it is lack of funds
why their telephones have not been in-
stalled, I do not know, but I know they
have great need for a telephone. There
may be need for a doctor. I am glad
that this matter has been brought up.

2nd Member for Christiansted Town
(Canetata) remarked: Mr. Chairman.
I understand 3rd Member for Frederik-
sted Country District that there were
more applications for telephones; per-
haps applications were made, but the
Municipal Committee has not received
any Money Bills.

3rd Member for Frederiksted Country
District (M. M. Skeoch) remarked: Mr.
Chairman. I understand that the Hon. 4th
Appointed Member made application and
had his telephone installed; that's why I
have brought up this matter. I am in
