For His Information

No, Klint, there is no piano in the C. C. Hall. Perhaps if there were a few good dark mahogany ones, our able tuner, and a few more competent performers, there would be better harmony in directing and obtaining the wel-

fare of the island than there is at present.

REJ HARI.

LOCAL.

Mr. and Mrs. Einar Svendsen of the Christiansted Theatre leave today on a short holiday to Denmark, making the trip via Porto Rico for where they sail by the "Mystery". Mr. and Mrs. Svendsen are hard workers and have well earned this rest which we trust they will enjoy with a pleasant passage and a good time in the old country. During their absence Mr. R. Petersen, Govt. Bookkeeper, manages the theatrical business.

The "Tupper" landed yesterday a touring car and a truck, both Fords, for Mr W. S. Abramson of this town. The boat sailed about 2 p. m. with mails for St. Kitts, Antigua and Barbados.

The mail-schooner "Mystery" arrived at Frederiksted at midnight last night with 51 bags mail for Christiansted. The postmaster made a special trip and fetched the letter mail which is being delivered already this morning. Postmaster Streich of St. Thomas was a passenger on the Mystery.

The Female of the Specie.

(With apologies to Kipling).

By R. H. AMPHLETT LEADER.

When your neighbor call you "block-head" you are apt to think you are,
Or else exhausting your vocab give him back "language" at par;
But your better half calmly step up and knock him off his rail
For the female of the specie is more deadly than the male.

You tell your lawyer he lacks vision—is a man without vim,
And you tell your grocer Jesse James (*) was not in it with him;
But when you face your landlady, then your fresh talk becomes stale
For the female of the specie is more deadly than the male.

You manage people easily and have always got on top,
Never yet was beaten and no one has found out your weak spot;
But you become a Benedict and is chased o'er hill and dale
For the female of the specie is more deadly than the male.

I know that you can beat Willard or Jack Johnson to a pulp,
And eight or nine ordinary men is but one single "gulp";
But you tremble at:—"Where's your week's pay?" from the creature that's frail
For the female of the specie is more deadly than the male.

Indicted for kissing in the Park before the Court you stand,
Looks bad. Counsel for Prosecution—he talks to "beat the band";
But if a woman is For the Defence you'll not go to jail
For the female of the specie is more deadly than the male.

Suppose when you leave this world you get on the side that is hot,
And his Majesty for you has reserved a rather warm spot;
But the fire will go out if a woman starts an old time tale
For the female of the specie is more deadly than the male.

There're lots of other things to tell which you'll hear another time,
All the he-male cattle couldn't stop me while getting on so fine;
But a she-male has just taken me completely off the trail
For the female of the specie is more deadly than the male.

Voters of Christiansted Town & Suburbs.

Here are some important facts that have to do with your decision and why you should vote for straight ticket only ABRAMSON and TEYTAUD
first I'll say don't mind the Herald's brainy and exhibiting of pictures of any kind, that paper has always been a mud-throwing opponent so much that some of the mudthrowers had to beat it and start to throw mud right back to it. Voters don't forget that its original Editor threw the mud in the shape of color question, now it must be understood that
