**One Reason Why The Tone
OF****The Highest Class Talking Machine In The World
CANNOT BE EQUALLED.**

Cornets, Saxophones, Flutes and other metal musical instruments are made of brass, when not of silver, because brass produces a superior tone quality. The Sonora Tone Arm is made of brass because of this recognized fact.

The tone arm of most other phonograph manufacturers are die castings from a composition of zinc, lead and tin-porous, brittle and unsuitable for good tone quality and durability.
