

St. Croix Avis

75TH YEAR

CHRISTIANSTED, V. I. U. S. A., SATURDAY 23RD OCTOBER 1920.

No 246.

THE ST. CROIX AVIS

is printed and published daily (Sundays and Holidays excepted) by G. Johansen at the Avis Office.

TERMS—50 cents monthly in advance.
2 cents per single copy.

Entered as second-class matter May 26th 1917 at the Post Office at Christiansted, St. Croix, V. I. of the U. S. A., under the Act of March 3, 1879.

Contribution to this paper will be gladly received when the same deals with matters of general interest, and is accompanied with the author's name, as a guarantee of good faith. The editor cannot be responsible for the views of his correspondents nor does he necessarily endorse them.

Official Notice.

THE District Court for the Municipality of St. Croix, Virgin Islands of the United States, will hold the November Term of Court, which is one of the regular terms of the said District Court, for the transaction of such business as may be brought before it;

For the Sub-Judicial District of Christiansted Tuesday November 2, 1920, at 10 A. M., at Government House.

For the Sub-Judicial District of Frederiksted, Thursday, November 4, 1920, at 10 A. M., at the Fort.

At which time and places all interested persons are notified to be present.

J. F. HENRY.
Clerk of the Court.

Publication.

It is hereby made known that Government has transmitted to the undersigned Sheriff the list of arrears of Ground—and Building Taxes to the Colonial Treasury for the year 1919, with orders to levy for said taxes if receipt for payment of the taxes be not produced within 3 weeks from date.

The Branches of "The National Bank of the D. W. I.", in Christiansted and Frederiksted are authorized by Government to receive and give receipt for the taxes every week-day at the Bank, from 9-11 o'clock a. m. and from 1-3 o'clock p. m.

Christiansted's and Frederiksted's Sheriff Office, October 19th 1920.

It Is Iron In The Blood That Makes Iron Muscles Like These--

Physicians Below Explain a Secret of the Great Power and Endurance of Athletes—Tell How Organic Iron—
Nuxated Iron Helps Build Rich, Red Blood
That Gives Physical Strength and Energy
To Go In and Win

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

It takes men of red-blooded force and power to hit the sledge-hammer blows that count—and whether you are a pile-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike—and strike hard.

"There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay simply because they are allowing worry, overwork, nervous strain, dissipation and occupational poisons to sap the iron from their blood and destroy its power to change food into living tissue, muscle and brain," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet these are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. Their imagined ills are forgotten, they gain physical poise and fitness, mental alertness and greater power to combat obstacles and withstand severe strains. To help build stronger, healthier men and

women, better able physically to meet the problems of everyday life, I believe that physicians should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

"Without iron there can be no strong, red-blooded men," says Dr. T. Alphonsus Wallace, a physician of many years' experience formerly of the British Naval Medical Service. "Unless this strength-giving iron is obtained

from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians is not a secret remedy, but one which is well known to druggists. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.
