

BY THE PRESIDENT OF THE
UNITED STATES.

A Proclamation.

Whereas the Congress of the United States, by a concurrent resolution adopted on the fourth day of March last authorized the Secretary of War to cause to be brought to the United States the body of an American, who was a member of the American expeditionary forces in Europe, who lost his life during the world war and whose identity has not been established, for burial in the memorial amphitheater of the national cemetery at Arlington, Va.

And, whereas, the remains of this unknown American to be brought to the United States in pursuance of the said concurrent resolution, will be buried in the said memorial amphitheater at Arlington on the 11th day of November next.

And, whereas, these remains will be representative of all unidentified American dead who in the world war gave their lives in their country's cause;

And, whereas, it is desired that grateful recognition of their loyal devotion to country and of their sacrifice should be appropriately shown with due solemnity by their God-fearing and patriotic fellow countrymen;

No v, therefore, I, Warren G. Harding, President of the United States of America, do hereby call upon all devout and patriotic citizens of the United States to pause from their accustomed occupations and labors on Friday, the 11th day of November next, from 12 o'clock noon to 2 minutes past that hour for a period of silent prayer of thanks to the Giver of all good for these valuable and valorous lives and of supplication for His divine mercy and for His blessing upon our beloved country.

Furthermore, I hereby direct that the national flag be displayed at half staff upon all the public buildings of the United States and all stations of the army, navy and marine-corps throughout the world, as well as upon all American embassies, legations and consulates, from sunrise until sunset, on November 11, 1921.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done in the District of Columbia this 30th day of September in the year of Our Lord, one thousand nine hundred and twenty one and of the Independence of the United States of America, the one hundred and forty-sixth.

WARREN G. HARDING.

By the President.

Physician Explains Who Should Take Nuxated Iron

Practical Advice on How To Help Build Up Great Strength, Energy and Endurance

"Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind."

"For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable, and all 'run down,' while at 50 or 60 with plenty of iron in your blood

you may still be young in feeling, full of life, your whole being brimming over with vim and energy."

But be sure the iron you take is organic iron—Nuxated Iron—and not metallic iron which people usually take. Organic iron—Nuxated Iron—is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings and is therefore an entirely different thing from Nuxated Iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen baked apples. It is like taking extracts of beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nuxated Iron. It quickly helps make rich red blood, revitalize worn-out exhausted nerves and give increased strength and energy. Your money will be refunded by the manufacturers if it does not produce satisfactory results.
