NOTICE

Office-Request Envelopes

STAMPED envelopes with blank return-cards, known as "office-request" envelopes, are again on sale at this office. The return-card includes blank lines on which the user's name and local address or post office box may be written with pen, and names of post office and State, for example:

After days, return to

CHRISTIANSTED, St. Croix, V. I. U. S.

It is desired to encourage the use of "office-request" stamped envelopes by patrons as it is of much mutual benefit to the public and the postal service. When purchasers of these envelopes complete the card by writing their names and local addresses on the blank lines, it provides prompt return of undeliverable letters to senders, lessens the work of the Division of Dead Letters, and tends to encourage the use of return-cards on other mail.

Plain stamped envelopes are also kept on sale for purchasers who prefer to print their own return cards in special styles; also newspaper wrappers of the 1c. denomination.

It is brought to attention that the envelopes are all of standard quality, and are sold in any number, from a single envelope to a thousand at the thousand rate. The price of the envelope is but a fraction above the face value of the stamp embossed on it.

DE-PA-CO

"BEST QUALITY PAINT"

A scientifically machine made paint assuring uniform thickness of film and uniformity of color, whereas it is practically impossible for a painter to mix the same color actually twice in succession, unless made under a scientific formula. Thus, when buying ready-mixed paints you are sure of receiving the same color and same consistency at all times.

DE-PA-CO DECK PAINTS

For hardest ware and exposure on Porches Floors and Decks.

DE-PA-CO OXIDE PAINTS

Best Pigment and Pure Linseed Oil. For wood and metal surfaces. Especially adapted for roofs.

DE-PA-CO FLAT FINISH

For interior Plaster, wood and metal work. A beautiful, soft, rich finish. Washable, Sanitary, Permanent.

DE-PA-CO CONTOTE PAINT

For Exterior and Interior Use on buildings of cement, limestone and brick. A modern scientific paint developed to prevent mildew and dark stains on stone buildings in the tropics. In place of linseed oil, a special liquid is used which effectively seals the pores and prevents the penetration of moisture which is generally the cause of these stains.

DE-PA-CO MARINE PAINTS

A complete line of the various paints for Marine use, including Marine Flat White and Copper Paint.
