Now it Will Go!

When 3-in-One Oil reaches the point of friction in a sewing machine bearing, friction dies immediately. Instead of groaning and hanging back, needle and shuttle take wings and fly like the wind. The thread runs free and easy and sewing becomes a joy.

3-in-One Oil

is the greatest oil in the world for sewing machines and all fine mechanisms—try it and see.

In 1-oz., 3-oz. and 8-oz. bottles; and in 3-oz. Handy Oil Cans.

Keep Your Razor Sharp

It is impossible to wipe a razor absolutely dry. Consequently invisible rust is always eating away the microscopic teeth that give a razor its shaving power. This is why your razor becomes dull—rust does it! Nothing keeps a razor in such fine shaving trim as

3-in-One Oil

Use it this way and see for yourself: Before shaving, draw razor between thumb and first finger moistened with 3-in-One. Then strop with a few drops on the strop. Avoid making strop wet with oil. After shaving repeat this process. This checks rust and absolutely preserves the edge—microscopic rust cannot form—the cutting edge must stay keen.

In 1-oz., 3-oz. and 8-oz. bottles, and in 3-oz. Handy Oil Cans.
