Dear Sir:

This is to request additional follow-up information on your November 12, 1987 response to EPA's information request dated November 6, 1987. EPA requests information known as Material Safety Data Sheets (MSDS) for all the cleaning products and solvents your facility used from 1987 to present. These include, but are not to be limited to degreasers, cleaners, anti-rust agents, bleaching agents, and flushing agents.

Please provide the information within fourteen days of your receipt of this letter.

If you have any questions, please call me at (212) 264-0151.

Your cooperation is appreciated.
