The Native Brass Band delivered a sacred concert in the bandstand on Easter Sunday evening; the programme was that published in Saturday's issue.

A few of the members of the Native Brass Band assisted at the forenoon service in the Anglican church on Easter Sunday.

There was a sabbath-school children's service in the Lutheran church on Sunday night, in which the children of the adult and primary schools participated with recitations, assisted by the choir with appropriate sacred songs for Easter-tide. Great pains must have been taken by the teachers to attain the successful results which were highly appreciated by a large congregation. The primary and adult classes are superintended by Mrs. Jensen and Mr. Creagh, respectively.

Miss Viola Petersen who recently underwent a successful operation for appendicitis at the Municipal Hospital, is now convalescing at home.

Yesterday was a rather quiet holiday, generally speaking. In the afternoon the only attraction was masquerading on the streets, some pretty costumes being thus displayed. In the evening the Chris-

tiansted Theatre treated its patrons to another stirring instalment of the Sky Rangers.

This evening Back to God's Country, a six reel drama, will be screened at St. Mary's Hall. It is advised as being a film of high entertaining quality. See programme and poster.

Correspondence

Department of Education, St. Croix,
March 31, 1923.

My dear Editor:—

The grades of all of those who sat at the recent Teacher's Examinations have been forwarded to the Director of Education in St. Thomas.

The results taken as a whole are good and better than the showing made last year. To illustrate, how the standards of our teaching force is being raised from year to year the following is significant: In 1921 we had three teachers holding a Principal Teachers' License; in 1922 there were five; and from the results of the recent examinations the total will be increased to ten.

The individual teachers are becoming more interested in their work from a professional point of view and it is evident that the future of our teachers is assured, if they continue to apply themselves seriously to their work and study diligently to rank first in their class.

Sincerely,
ARTHUR E. LINDBORG,
Asst. Director of Education.

March 28th.—Investigative United States Tariff Commission in the relation of the tariff rates on sugar to the present increased sugar prices was ordered yesterday by President Harding.

Vera Cruz, March 28th.—General Garcia of the Mexican Federal Army was killed yesterday from ambush, while inspecting the small garrison in the region of Cordoba. The shooting was done by farmers who for some time have been under arms. A grave conflict between the Federal Government and the Government of the State of Vera Cruz is feared, as a consequence of the killing of General Garcia. The farmers who assassinated him are said to have been armed by the State Government for the purpose of supporting the State's Communists policy.

Washington, March 28th.—The present speculation in sugar is not more attributable to the Fordney-McCumber tariff, the Republican National Committee declared tonight in a statement, than was the recent speculation in Piggly Wiggly Stock. Declaring the prevailing
