WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples. While metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not irritate the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, neutralize worn-out, exhausted nerves and give you new strength and energy. Over two million people annually are using it. At all drugists. Beware of substitutes. The genuine has N. I. stamped on every box. Always insist on having the genuine.
