LOCAL.

The Lass of Lumberland, a serial which has perhaps not called forth as much enthusiasm as some of its predecessors, although a high standard film, was concluded at the Christiansted Theatre last night. The next great production to be shown there will be "Elmo the Fearless", a serial that won great popularity in St. Thomas, and will be found to be of that exciting, daring order so much appreciated in this island.

BUREAU OF INFORMATION AT WASHINGTON.

To The Public:

It is the wish of the President that visitors to the seat of Government shall have every opportunity to get full information concerning all governmental departments. It is especially his desire that all those who come to Washington to transact business with any department or bureau of the Government may quickly be advised as to the exact location and means of reaching the particular department or bureau in which may be centered the business which they desire to transact.

For this purpose there has been established a Bureau of Information on the ground floor of the Post Office Department Building, located on Pennsylvania Avenue at Twelfth Street, which is in charge of competent people who will definitely answer queries of this character.

The public is advised of this arrangement and invited to make use of the facility.

(The above notice signed by the Postmaster General appears in the Postal

Bulletin of May 24, 1921, and has been furnished this paper by the local postmaster for the information and guidance of those who may be interested.—ED. ST. CROIX AVIS).

St. Thomas News.

A DARING ATTEMPT.

As early as 7 o'clock this morning there was a daring attempt at burglary at the house of the widow, Mrs. Rebecca Robles, who resides in the Garden.

It appears that a young man entered the premises from the rear, and was just on the point of entering the domicile, when luckily, neighbours seeing him, gave the outcry. Needless to say, the scamp put as much distance between himself and the seat of his contemplated robbery in as short time as possible.—*St. Thomas Mail Notes, May 31st.*

MEMORIAL DAY

Yesterday, Memorial Day, dedicated to fallen soldiers and sailors, passed away—apart from a short Memorial Service held at 6 a. m. at the Anglican Church, where the Rector, the Rev. Father Griffiths paid a befitting tribute to the dead, and which service was attended by Governor Kittelle and the firing of guns by a squad of marines at the Eastern Cemetery at 9 o'clock, and that of minute guns at midday—in a very quiet and dull manner. All places of business, of course, were closed, and flags placed at half-mast from some of the buildings, otherwise, the usual exercises, consisting of parades to the cemeteries by the school children, the scattering of flowers on the waves, and the various other exercises that marked previous occasions, were sadly missing. Instead, there were base-ball games, picnics and outings in the country. Let us hope in future, that if the day is to be made a holiday, for the purpose of revering the dead that some trouble will be taken to have appropriate exercises befitting the occasion undertaken.—*Ibid.*

The U. S. S. "Vixen" which for the past few weeks has been undergoing repairs, was floated from dock yesterday morning.—*St. Thomas Mail Notes, June 1st.*

Many copious and refreshing showers fell yesterday, replenishing low cisterns, cooling the general atmosphere, and saturating and nourishing the plants.—*Ibid.*

The term of service of the members of the St. Thomas Naval Band expired yesterday. We are glad to say that the record of the boys has been a fine one, much to the satisfaction of the authori-
