

THE HOUSES THAT CARE FORGETS.

Care and her sister Wor-y sat out to become acquainted with everybody. Un-popular and troublesome though they were, they managed to visit almost everyone.

Scattered over the land are thousands of little homes in each of which, within four wooden walls, is a spirit which drives care and worry away. This beneficent spirit is that of music—music, sweet, pure wonderfully beautiful, restful to the tired, a solace to the sorrowful, an inspiration to the dispirited.

Music at its best—a reproduction of the master efforts of the greatest of artists, matchless in accuracy and in expression and in charm, is to be found in its home in the famous Sonora, The Highest Class Talking Machine in the World.

Sonora is the phonograph which plays all make of disc records perfectly without extra attachments and which enables you to enjoy the records not only of American manufacturers but of important foreign record makers as well.

St. Thomas News.

FATAL AUTO-TRUCK ACCIDENT

Early yesterday afternoon the community was rudely shocked by the news of the sudden death of Carl Edlum, driver of the car belonging to the St. Thomas Labour Union, through collision with car No. 6, the property of Mr. Fred Neville, and driven by Hubert Gumbs.

From the deposition furnished the Police by the latter, who was immediately taken into custody upon information of the tragedy reaching Police headquarters and who has since been sentenced to 30 days for speeding, it seems that at about 12.30 when off the Western Cemetery on his way westward, that he heard a car behind him, the driver of which he recognized to be Edlum.

A little later, and when off the second gate of the first cemetery, he heard a sound as of a punctured tire emanating from Edlum's machine. Looking around, he discovered that Edlum had lost control of the steering gear of his car, and was dashing down upon him. He had but time enough to spring from his car, when there was a crash. Both cars had collided, and Edlum was lying on the ground, unconscious. In the car with Gumbs at the time was a boy Gerald Wright by name, who suffered some slight injuries to his right arm.

Edlum was immediately taken to the Municipal Hospital where he died a few minutes later. From Police investigations made as well as from the testimony of witnesses, it has leaked out that there was something of racing between the two cars, one witness affirming that he even heard the deceased to shout as he passed the other car. A little later he heard a terrible noise, and on going to
