lands, November 19, 1921.

B. R. LARSEN, Postmaster.

NEURASTHENIA— NERVE STARVATION

A Disease of the Down Hearted—Prac-
tical advice on what to do.

Many a man is broken down and dis-
couraged without having any actual
disease in his organs and tissues,—he
has lost his grip, feels weak and ner-
vous and everything looks dark. He
is suffering from the great American
disease—Neurasthenia or nerve starva-
tion, due to over-work, worry, contin-
ual hurry and nervous strain. The longer this
continues the more certainly will it end in real
disease of his organs, his nerves or his mind.

Such a man should live on the simple foods,
eat plenty of cooked fruit and green vegetables,
sleep nine hours at night if he can, an hour in
the afternoon and feed his starving nerves and
weak, thin blood, with a good nerve and blood
food, like Nuxated Iron. Nuxated Iron con-
tains a product brought to the attention of
the French Academy of Medicine by the cele-
brated Doctor Robin, which represents the prin-
cipal chemical constituent of active living nerve
force; it also contains genuine organic iron like
the iron in your blood and like the iron in
spinach, lentils and apples.

Nuxated Iron may therefore be said to be a
real nerve and blood food since it supplies the
principal ingredients demanded by your nerves
and blood to give you strength, energy, force
and endurance. It often increases the bodily
and mental vigor of weak, wornout, downheart-
ed nervous folks in two weeks' time. Your
money will be refunded by the manufacturers if
it does not produce perfectly satisfactory results.
