Physician Explains Who Should Take Nuxated Iron

Practical Advice on How To Help Build Up Great Strength, Energy and Endurance

"Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, nervous, run-down patients. Thousands of men and women year after year suffering from weakness, nervousness and a highly nervous condition, are without ever realizing the cause of their trouble. Without iron in the blood, the blood merely passes through the system, and is like corn through a mill. The blood is so wide apart that the iron is not in the blood. For want of iron, you are weak, nervous, at thirty, dull of intellect, nervous, nervous, irritable, and all iron deficiency is at 50 or 60 with plenty of iron in your blood.

you may still be young in feeling, full of life, your whole being brimming over with vim and energy.

But be sure the iron you take is organic iron—Nuxated Iron—and not metallic iron which people usually take. Organic iron—Nuxated Iron—is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings and is therefore an entirely different thing from Nuxated Iron. Nuxated Iron represents organic iron in a highly concentrated form that one ounce is equivalent to be approximately equal to one pound of iron content to eating one pound of spinach, one quart of green vegetables, or a dozen baked apples. It is like the difference of beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nuxated Iron. It quickly helps make rich red blood, revitalizes worn-out exhausted nerves and give increased strength and energy. Your money will be refunded by the manufacturer if it does not give satisfactory results.
