Goodyear Tires.

It is the Goodyear policy
to serve the consumer.

To do this they are manu-
facturing three distinct types
of tires, so that every car
owner can secure the Good-
year quality tire best suited
to his needs.

Goodyear Cords are the
best tires that can be built.
Their long wear and resist-
ance to trouble more than
compensate for their slightly
added cost.

They have high air capa-
city, which, together with
the cord construction, in-
sures greater riding comfort
and protects from excessive
jars and jolts

The carcass of Goodyear
Fabric Tires is built up of
stout plies of Goodyear cot-
ton fabric, impregnated and
covered with Goodyear Rub-
ber.

They are made in all sizes
with plain or All-Weather
thread design.

It is the conviction of
most tire users that Good-
year Fabric Tires will give
you the lowest cost service of
any fabric tire made

ROBT. ARMSTRONG,
