ABSTRACT

One hundred thirty-six citations published between 1918 and 1980 are listed in this bibliography on the U.S. Virgin Islands. The bibliography was compiled for persons seeking research information on the study of man. Listed publications consist of journal articles, papers, books, general and governmental reports, and dissertations. It covers such subjects on the Virgin Islands as: conservation, education and the social climate, political aspirations of the islanders, water quality, industrial development as well as the history, archaeology, and the arts of the islands. The bibliography is arranged in alphabetical order by author. (NE)
