Ottawa, Sept. 17th. Although the grand total for Canadian trade for the five months of the fiscal year ended on August 21st shows an increase of \$20,232,983 as compared with the same period in 1919 the value of Canadian merchandise exported declined by over twenty millions. The grand total for Canadian trade for the five months period of the present year was \$1,063,353,170 while in 1919 it was \$861,023,335.

London, Sept. 17th.—The Australian budget shows a revenue of over pds. 52,000,000 a pds. 2,000,000 surplus. The customs and excise amounted to four millions over the estimates and the total excess revenue was six millions. The total war expenditure was 381,000,000 pds. of which 70,000,000 has been paid from the revenue. The war debt is now 335,000,000 while other debts are 46,000,000. Nineteen million have been spent on soldiers repatriation. The political situation in Australia will prevent Premier Hughes attending the Geneva conference of the League of Nations. Senator Millen will be sole Australian representative.

Boston, Sept. 17th.—The financial district last night was under guard of police reserves as a result of the Wall Street explosion in New York yesterday.

New York, Sept. 18th.—Convinced that the explosion which snuffed out the lives of 35 persons and injured nearly 300 others in Wall Street Thursday noon was deliberately planned by Radicals, officials of the Department of Justice headed by Attorney General Palmer himself today spread a dragnet over the country in efforts to get its originators. Mr. Flynn head of the Bureau of Investigations of the De-

partment of Justice, was the chief spokesman for the general opinion. He based his opinions on the finding of Radical literature in post office boxes near the scene of the tragedy soon after it occurred. There were still about 150 injured being cared for in hospitals today, many of whom were said to be still in a serious condition. Scores of people who will recover will be maimed for life, it is said. Department of Justice officials attached relatively little importance to the detention of Mr. Fisher at Hamilton who admitted to Canadian authorities of having sent a warning of the disaster to several friends here. However Attorney General Palmer said he would direct that Fisher be thoroughly examined in the hope that, despite the belief that Fisher was mentally deranged, he might present valuable "leads". It also was expected that those who received Fisher's warning would be questioned during the day.
