Publication.

ACCORDING to rules of Road Ordinance, the annual repairs of the Public roads begin on 1st October, and are to be completed by 31st December.

The inspection to take place sometime early in January. Last year the inspection was deferred until 1st March, and due to recent events, notably the strike, it is perhaps only reasonable that the same time be given to complete repairs.

It must be admitted that much has been conceded the Road-holders, and much grace given; but it is also evident that the work of repairs is in many cases, absolutely neglected. Some have done their duty, others seem to shirk it.

For the benefit of those who may never have read the Road Ordinance, and for those who have read and forgotten, the following paragraphs are quoted:

§ 24.

Any holder of a road allotment, who is found, at the annual inspection in the month of January, to have omitted to complete the road-work incumbent on him, or to have performed it in an unsatisfactory manner, is liable to a fine not exceeding \$50.

§ 25

Any holder of a road allotment who fails to comply with an order from the properly qualified Officer or authority, at any time soever in the year, concerning the repairing of his road-allotment or anything belonging thereto, is liable to a fine not exceeding \$25. The same fine shall be adjudged against any person omitting to plant the bound-posts mentioned in § 12.

The exact time of inspection will be published later. It is especially desired that the boundary-posts have the full name of holder inscribed thereon, as published some time before; and will be enacted.

EDGAR W. MEYER,
Chairman.

St. Croix, V. I. Jan. 17th 1922.

NOTICE

THE Colvert at "Concordia Gut" having been completed, the road is again open to Public traffic.
