**Re: L'Henri, Inc. d/b/a O'Henry Dry Cleaners
Administrative Order on Consent
Index Number II-CERCLA-95-0401**

Dear Ms. Kwan:

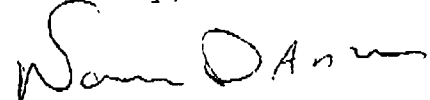

Pursuant to paragraph 57 of the above-referenced order, my client is required to produce its final report of the work performed at the site on or before April 14, 1995. However, I have been informed by IT Corporation that the results of the analysis of the soil samples taken of O'Henry will not be available until April 8, 1995.

For this reason we request an additional 30 days to produce the report.

Pursuant to the terms of the Order, all modifications must be in writing and signed by the agency. If the instant request is acceptable, please return the letter signed by yourself, at your earliest convenience.

Please feel free to contact my office if you wish to discuss any aspect of this matter.

Sincerely,

Nancy D'Anna, Esq.
