

Executive Order No. 18.

THE Government having been advised that the Pink-Bollworm—a pest for cotton—has made its appearance in St. Kitts and Montserrat, and that the Boll Weevil has made its appearance in the island of Porto Rico, and in order to better protect the cane and cotton industries, it is directed that no person or corporation shall be allowed to import into the island of St. Croix by mail, freight, or by any other means, any cotton, seed, seed cotton, cotton lint, cotton plants, sugar cane cuttings, sugar cane plants, or pieces of sugar cane, unless through the medium of, and with the consent of, the Agronomist in charge of the Agricultural Experiment Station in St. Croix. Also, the baggage of all passengers to the island of St. Croix shall be searched by the Customs Officials for these articles and if any shall be found they shall be forthwith destroyed by fire.

It is further directed that the Agronomist in charge of the Agricultural Experiment Station or any official of the Agricultural Experiment Station appointed by him, shall have free access to all sugar cane or cotton fields in the island of St. Croix, for the purpose of examining such fields for pests.

Witness my Hand and Seal of the Government of the Virgin Islands of the United States this 11th day of January, 1921.

J. W. OMAM,
Governor.
