ORDER

GÓMEZ, J.

On June 17, 2019, the Court held a status conference with the parties. At that conference, the parties discussed the Government's failure to disclose DNA-related evidence to Aubrey Frett ("Frett") within the May 16, 2019, discovery deadline. As a consequence of the Government's failure, Frett has moved to exclude all DNA-related evidence.

United States v. Frett
Criminal No. 2018-37
Order
Page 2

At Frett's May 9, 2019, arraignment, the Magistrate Judge ordered discovery to be complete by May 16, 2019. Despite that order, the DNA laboratory report--dated November 16, 2018--was first disclosed to Frett's counsel on June 7, 2019. Trial in this matter is currently set to commence June 24, 2019.

The premises considered; it is hereby

ORDERED that, no later than 9:00 a.m. on June 18, 2019, the parties shall each file a brief addressing the following issues:

- 1) Whether Frett has suffered prejudice because of the Government's failure to disclose DNA-related evidence; and
- 2) Any appropriate remedies the Court should order in these circumstances.
