08/31/2023-REPORTED OUT TO THE FLOOR

07/31/2023-REPORTED OUT TO THE COMMITTEE ON RULES AND JUDICIARY

BILL NO. 35-0082

Thirty-Fifth Legislature of the Virgin Islands

May 31, 2023

An Act amending title 17 Virgin Islands Code, chapter 9, Subchapter I, section 91 to limit the expulsion and suspension of students in pre-kindergarten through third grade and amending title 17 Virgin Islands Code, chapter 11, by adding a section to make a course in mitigating behavioral issues and misconduct in the classroom for school-based professionals a requirement

PROPOSED BY: Senators Donna A. Frett-Gregory, Javan E. James, Sr.,
Alma Francis Heyliger, Marise C. James, Carla J. Joseph
and Angel L. Bolques, Jr.
Co-sponsor: Marvin A. Blyden

1 **WHEREAS**, suspension and expulsion are disciplinary tools in response to behavioral
2 misconduct displayed in the school environment, that remove students from classroom
3 instruction; and

4 **WHEREAS**, studies show that children suspended or expelled during their early years
5 of education are more likely to be suspended or expelled again in the future; and

6 **WHEREAS**, studies illustrate that removing a student from classroom instruction
7 negatively impacts the student's level of achievement and continued removal from classroom
8 instruction increases both the risk of dropping out of school and the likelihood of future
9 involvement with the criminal justice system; and

10 **WHEREAS**, prolonged removal from school in early childhood ages can hinder
11 cognitive and social development; and

1 **WHEREAS**, research demonstrates that there are racial implicit biases that contribute to
2 disproportionate rates of suspension and expulsion. Across the mainland United States, with
3 predominantly Caucasian instructors, black students are 3.8 times more likely to be suspended
4 and twice as likely to be expelled as white students; and

5 **WHEREAS**, other implicit biases and limited training opportunities for teachers of
6 children with disabilities contributes to a phenomenon of disproportionate student suspension
7 and expulsion. Data across the United States shows that students with disabilities are more
8 than twice as likely to be suspended than their peers, and male students are being suspended at
9 higher rates than their female counterparts; Now, Therefore,

10 ***Be it enacted by the Legislature of the Virgin Islands:***

11 **SECTION 1.** Title 17, Virgin Islands Code, chapter 9, subchapter I, section 91 is
12 amended:

13 (1) in subchapter (a) by striking “persistent disobedience, or having bad habits, or
14 being in a physical condition detrimental to the best interests of the school”;

15 (2) by adding subsections (e) and (f) that read:

16 “(e) Children in pre-kindergarten through the third grade may not be suspended or
17 expelled from schools, unless the child’s misconduct involves a deadly weapon, a controlled
18 substance or endangers the safety of others in the school.”; and

19 (f) Decisions of suspension and expulsion for students in pre-kindergarten through the
20 third grade must be made in consultation with a mental or behavioral health specialist, such as
21 a school counselor, therapist or social worker.”

22 **SECTION 2.** Title 17, Virgin Islands Code, chapter 11, is amended by adding a section
23 136 to read:

24 “**§136. Behavioral health training.** Every school-based professional, including
25 teachers and administrators, shall complete a course in mitigating behavioral issues and

misconduct in the classroom, at no cost to the school-based professional, provided by the Commissioner of Health, Division of Behavioral Health Services in accordance with 19 V.I.C. § 1022.”

BILL SUMMARY

Section 1 amends title 17 Virgin Islands Code, chapter 9, subchapter I, section 91 to limit the expulsion and suspension of students in pre-kindergarten through third grade. Section 2 amends title 17 Virgin Islands Code, chapter 11, by adding section 136 to make a course in mitigating behavioral issues and misconduct in the classroom for school-based professionals a requirement.
