Re: Western Auto Supplemental Response to Request for Information
Tutu Well Field Site
St. Thomas U.S.V.I.

Dear Ms. Kwan:

Enclosed please find the supplemental responses of Western Auto to the EPA's Request for Information dated January 25, 1993.

As you will note, these responses were signed by the undersigned. I have been working very closely with Western Auto personnel in the investigation of this matter and am certain that I can obtain an appropriate signature on the EPA's Certification of Answers to Request for Information form in short order should you desire. I had been assuming that my signature as their attorney on these documents would be sufficient. If I have assumed in error, please advise and I will immediately correct this situation.

Thank you for your attention and cooperation and if you have any thoughts or concerns about the enclosed, please let me know.

Very truly yours,

John R. Coon
