EDITORIAL.

We are in receipt of an advice from the Receiving Ship at New York signed, D. W. Fuller, Lt. Comdr. U.S.N., Commanding, that Laurence Emil Struer whose home is at St. Croix, V. I. was transferred on April 2, 1921, from the Receiving Ship at New York to the U. S. S. Robbins, which item of news is furnished us for the reading and information of his relatives and friends.

LOCAL.

Yesterday was remarkable for the most perfect weather observed here for months. The daytime was bright and sunny, yet not warm, and in the evening the moonlight was charming.

The mail schooner "Mystery" called at Frederiksted last night, landed mail from the States, Porto Rico and St. Thomas and sailed again for Porto Rico. This was indeed a fast run, and her touching this island is appreciated for it places the mail here about twelve hours earlier than if transhipped to the Creole which is scheduled to sail from St. Thomas this a. m. It is advised that upon receipt of information by radio that the Mystery would call at Frederiksted mails were made up and dispatched for the States and Porto Rico.

The electric light was excellent last night. The engines at the power-house were running O. K., and the brilliancy of the lights in houses was strikingly good.

The stork popped in at the home of Mr. and Mrs. H. A. Delamos last evening and left a fine baby boy with them. Congratulations—Comm.

THE MOVIE THEATRE.

In a recent issue of the "St. Thomas Bulletin" there appeared a 5 reel drama entitled "Lucille's Divorce" with Eddie Lyons and Lee Moran as principal actors. These two favorites of the screen need no introduction to patrons of the theatre in St. Croix, so we pass on. This picture was exhibited at the Cine America, St. Thomas. We should be highly pleased if our amusement Manager could make it possible to secure some of these dramas at certain times featuring the two favourites Eddie and Lee. Mr. Svendsen's special attention is called to this, as a 5 reel drama with

these two comic masters as "stars" would certainly be very much appreciated by lovers of the movies.

Rotterdam April 14th.—A Cologne despatch to the Nieuwe Rotterdamse Courant says that a Cabinet Council at Berlin has decided upon steps to induce the Allies to repeal their coercive measures. These, it is declared, are proving a catastrophe to German trade.

London April 14th.—A serious phase of the threatened strike of the Triple Alliance is that of the British seamen and stewards, whose wages, it was learned today, the owners have announced will be reduced approximately 30%. The reduction, however, will not be effective pending a meeting on April 22nd. of the ship owners and representatives of the firemen and sailors unions, to which the seamen and stewards belong. At this meeting the whole question will be discussed. Meanwhile the union is balloting on the issue of joining in the general stoppage of work tomorrow. While the seamen's declared sentiment regarding a strike, is evenly divided, the referendum shows 2,000 against the strike with 65% of the votes in. The result of the balloting however will not be obtainable until tomorrow. It was stated at the headquarters of the firemen's and sailors' union today that even if the present ballot should result in refusal to participate in the strike of the Triple Alliance, the seamen will not submit to the 30% reduction, while it is hoped that the issue can be settled by negotiations. A strike of seamen and stewards, with consequent paralysis of Transatlantic traffic, is considered not impossible.

London, April 14th.—Several members of the House of Commons made an attempt in the House this afternoon to precipitate a debate on the subject of the mandate over the island of Yap and the American position on the mandate question. Mr. Lloyd George headed off the effort with the statement that this subject was under friendly discussion between the United States and the
