WHAT A TONIC DOES FOR YOU

AND WHY YOU NEED IT, IN SO MANY INSTANCES WHEN YOU ARE RUN DOWN, NERVOUS OR HAVE HAD TO ENDURE GREAT STRAIN OR WORRY OF ANY KIND.

A tonic is something which puts tone, energy, strength and endurance into you. It gives a push to your heart, making it pump the blood over your body more vigorously; it makes your lungs expand more fully and thereby take up more strength-giving oxygen from the air you breathe; it makes your kidneys work better and carry off the poisons which would otherwise accumulate in the body; it makes your digestive apparatus perform its work better and give your blood the material it needs for feeding and sustaining your body; it makes your brain act more vigorously and enables you to think more accurately and for long periods without fatigue, thus bringing you greater success in whatever business, profession or undertaking you are engaged.

When you are rundown, nervous, half sick, down-hearted and about ready to give up, experience of many years has shown that one of the best remedies to pull you out of this bad predicament is good old organic iron. But be sure the iron you take is organic iron, the kind that is found in plants, and not metallic iron which people usually take. Organic iron may be had from your druggist under the name of Nuxated Iron. It often increases the strength, energy and endurance of weak, nervous, tired out folks in two-weeks' time. Beware of substitutes. Always look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.
