SIXTO COMMUNICATES WITH U. S. CHAMBER OF COMMERCE.

We are very pleased to say, that our live wire and energetic townsman, Mr. Adolph Sixto is in direct communication with the Chamber of Commerce of the United States, which is furnishing him with all the necessary materials for building and maintaining a local Chamber of Commerce, and he is now treating with them to have this institution affiliated with their's, and since this idea is assuming such important consideration, he suggests that we affiliate the sister island also within this idea, inviting delegates from over there to generalize the idea of a Virgin Islands Chamber of Commerce, so as to promote the general prosperity of these American insular possession.

Let us arise to the necessity of this, and help ourselves, and do not throw as we always do the responsibility of such a gigantic task upon the shoulders of one man. We must consider after all that he is human and needs help, and if we are aspiring to popular importance and commercial expansion, it has to be done by general co-operation. — *The Emancipator, Feb. 1st.*

We regret to mention the death which took place today of Mrs. H. McDougal of this town.
