Mexico, City, June 7th.—Every effort is being made by the Govt. to combat the bubonic plague at Vera Cruz. Orders have been issued giving the sanitary authorities supreme power in the city, dominating even that of military officers. Twenty-five cases in all have been reported since the outbreak of the plague a week ago. Several other cases have been reported from the cities near Vera Cruz.

New York, June 7th.—The Challenger for the America's Cup, "Shamrock IV.", had her gaff carried away on Sunday while undergoing a testing spin off Hempstead Harbour, Long Island. She proceeded to City Island for repairs. The yacht "Resolute" arrived at Newport from Bristol on Sunday, ready to resume her trial race with the "Vantitie" on Monday.

Mexico City, June 7th.—General Herero has arrived here to give the President an account of his actions at the time that President Carranza met his death. He reiterated his statement that the late Mexican ruler committed suicide owing to the cowardice of his companions. The General asserted that with a force of 80 men he attacked two hundred Carranza followers, and that the Carranza's men fled without trying to defend their chief, who being wounded and finding himself deserted, shot himself.
