Havana, May 3rd.—Railways throughout eastern Cuba are paralyzed by the strike of workers, and gun boats are being employed to move mail between Santiago and other points which can be reached by water. Sugar interests are seriously embarrassed by the walkout.

London, May 3rd.—The Government has consented to lift the ban on horse-racing so that meetings can be run at Ripon and Kempton on May 6th and 7th, and at New-market on May 10th, 11th, and 12th. The card at Kempton will include the Jubilee handicap, while at Newmarket, the Newmarket and Payne stakes, will be run. The ban on horse racing was imposed owing to labour troubles.

London, May 3rd.—The Allied Supreme Council today decided to take no naval action against Germany without consulting the United States. This was agreed to after full discussion of the council members with Admiral Beatty of Great Britain and Admiral Grasset of France of plans for naval pressure upon Germany. The committee of experts at this morning's session reported on the plan worked out concerning the guarantees to be demanded of Germany for the repayment of reparations, and the council will consider it this afternoon. Occupation of the Rhur coal basin, in the event such action should become necessary, was considered by the council with the military representatives of the Allies. The council then adjourned until 3 this afternoon. It is expected that the council will finish its labours today.
