MOST PITIFUL SIGHT IN LIFE

is a man or woman who has no
"will-power" as a result of
nerve force exhaustion

All the physical suffering which may be
caused by nervous irritability, head-
aches, backaches, indigestion, heart
palpitation, etc., as a result of nerve
force exhaustion, are nothing as com-
pared with its awful effects upon the
mind and "will power."

The most pitiful sight in life is a man or
woman who has "no will"—who has noble im-
pulses and desires but not enough "will power"
to carry them through. The memory also fails,
the judgment is bad and everything therefore
seems to go wrong.

In such cases, do not take mere stimulating
medicines nor narcotic drugs (which only fur-
ther injure your delicate nervous system), but
what you need is something to put more nerve
force into your nerves and more iron into your
blood to help make new nerve force with which
to feed your starving nerve cells. This is most
effectively accomplished by the free use of
Nuxated Iron. This valuable product contains
the principal chemical constituent of active
living nerve force in a form which most resem-
bles that in the brain and nerve cells of man.
It also contains strength-giving organic iron
for the blood and may therefore be said to be
both a blood and a nerve food. Over 4,000,000
people are using it annually. Satisfactory re-
sults are guaranteed to every purchaser or the
manufacturers will refund your money. Be-
ware of substitutes. Look for the word "Nux-
ated" on every package. Sold by all druggists.
