Notice To Road Holders.

THE general annual repairs of the Public Roads in St. Croix, with Bridges, Barge Walls, Culverts, Hand Rails, Water courses, etc. etc., shall commence (according to Par. 13 of the Road Ordinance of 9th June 1884) in the month of October and be completed for the general inspection in January month.

Special attention must be given in repairing to use good materials and to keep the roadway uniform and even, with a good crown so as to shoot off the water quickly, and the trenches must be dug out well, with sufficient width and depth to take away quickly the water from heavy rains and same time not be dangerous to public traffic.

The cocoanut, and other trees, along the roadsides must be kept trimmed so as not to be an inconvenience to the Automobiles and Vehicles using the roads. All ruts and holes must be kept filled and in order.

The reallocation will not be carried out until all the contemplated changes and improvements are completed, including Southside New Road and Centreline.

For the Road Commission.

F. LUNNEY,

Chairman.
