GENERAL INSTRUCTIONS

This form is for use in preparing the inventory of dams in the United States under the requirements of the National Program for the Inspection of Dams, P.L. 92-367. All items of Part I (Lines 0-6) must be completed as instructed below. The items in Part II (Lines 5-9) should be furnished if available. Print entries distinctly in ink or pencil. For letters o, z, and i, write 0, 2, and 1.

Write only one letter or numeral in each space; do not use more letters than blocks allowed for an item. Do not abbreviate on Part I. Leave one space between words and no space between code letters.

For all letter codes or word entries place first letters in left block of field. In word fields any alphabetic, numeric or special character may be entered. For all numerical entries, use only numerals placing the last digit of number in the right block of field, including trailing zeros. Do not include a decimal point! In fields where decimals are required values are to be placed around the decimal point printed on the form.

Leave blank those spaces where item does not apply, i.e., do not write "N/A", "-", "None", etc., unless instructed to do so by specific instructions. Use the remarks line when additional space is needed for an item, or to clarify an entry. Preface each remark with the item number. (See item 28 or 56 instructions)

Item ① IDENTITY: The Division Engineer will assign and control the identity for dams in the states for which he is responsible. The first two characters of the identity will be the two-letter state abbreviation in accordance with Federal Information Processing Standards Publication, June 15, 1970 (FIPS PUB 6-1). In cases where a dam is physically located in two or more states, one state will be designated as the principal state for the identity. The last five (5) characters of the identity will be a sequential number assigned to identify dams within a state.

PART I

LINE 0:

Item ② DIVISION: Enter the three (3) letter office symbol for the division making the report, i.e., NED, NAD, ORD, SAD, LMV, NCD, SWD, MKD, NPD, SPD, POD.

Location:

Item ③ STATE: Enter two (2) letter principal state abbreviation in accordance with FIPS PUB 6-1.

Item ④ COUNTY: Enter three (3) digit county identification in accordance with FIPS PUB 6-1.

Item ⑤ CONG DIST: Enter one (1) or two (2) digit number for congressional districts in which dam is located.

Items ⑥, ⑦, and ⑧ (Use second location for structures situated in more than one state.)

Item ⑨ DAM NAME: Enter official name of dam. Do not abbreviate unless the abbreviation is a part of the official name. For dams that do not have a name, create a name by combining the two (2) letter state abbreviation plus "NO NAME" plus a sequential number. Example: if two dams in the State of Alabama do not have names, they would be named as ALNONAME1 and ALNONAME2.

Item ⑩ & ⑪ LATITUDE AND LONGITUDE: Enter the latitude and longitude in degrees, minutes and tenths of a minute. All geographical location items pertain to dam as its maximum section.

Item 12 REPORT DATE: Enter the one (1) or two (2) digits for day, the first three (3) letters of the month and a two (2) digit year. (i.e., 12JAN74)

LINE 1:

Item ⑬ POPULAR NAME OF DAM: If (other than the official name of the dam) in common use, enter the name in this space. Leave blank if not applicable.

Item ⑭ NAME OF IMPONDMENT: Enter official name of lake or reservoir. Leave blank if reservoir does not have a name.

LINE 2:

Item ⑮ & ⑯ REGION AND BASIN: Enter two (2) digit numbers for Region and Basin in accordance with Appendix C, ER 18-2-1, Civil Works Information System.

Item ⑰ RIVER OR STREAM: Enter official name of river or stream on which the dam is built. If stream is without name, indicate as tributary to river named, e.g., TR-COLORADO. If off stream, enter name of river plus "OFFSTREAM".

Item ⑱ NEAREST DOWNSTREAM CITY-TOWN-VILLAGE: Enter the nearest downstream city-town-village of such size which can be located on a general map.

Item ⑲ DISTANCE FROM DAM: Enter distance from dam to nearest downstream city-town-village to the nearest mile.

Item ⑳ POPULATION: Enter population of city-town-village given in item 18.

LINE 3:

Item ⑳ TYPE OF DAM: Enter two (2) letter codes, in any order, to describe type of dam.

EARTH	=	RE	BUTTRESS	=	CB	OTHER	=	OT
ROCKFILL	=	ER	ARCH	=	VA	(Describe "other" in remarks)		
GRAVITY	=	PG	MULTI-ARCH	=	MV			

Item ㉑ YEAR COMPLETED: Enter year when the main dam structure was completed and ready for use. If only an approximate year can be determined, note this in remarks.

Item ㉒ PURPOSES: Enter one (1) letter codes that describe the purposes for which the reservoir is used. The order entered should indicate the relative decreasing importance of the project purposes.

IRRIGATION	=	I	NAVIGATION	=	N	DEBRIS CONTROL	=	D
HYDROELECTRIC	=	H	WATER SUPPLY	=	S	OTHER	=	O
FLOOD CONTROL	=	C	RECREATION	=	R	(Describe "other" in remarks)		

Item ㉓ STRUCTURAL HEIGHT: Enter, to the nearest foot, the structural height of the dam which is defined as: the overall vertical distance from the lowest point of foundation surface to the top of the dam.

Item ㉔ HYDRAULIC HEIGHT: Enter, to the nearest foot, the hydraulic height of the dam which is defined as: the effective height of the dam with respect to the maximum storage capacity, measured from the natural bed of the stream or watercourse at the downstream toe of the barrier, or if it is not across a stream or watercourse, the height from the lowest elevation of the outside limit of the barrier to the maximum storage elevation.

Impounding Capabilities:

Item ㉕ MAXIMUM: Enter the acre feet for maximum storage which is defined as: the total storage space in a reservoir below the maximum attainable water surface elevation, including any surcharge storage.

Item ㉖ NORMAL: Enter the acre feet for normal storage which is defined as: the total storage space in a reservoir below the normal retention level, including dead and inactive storage and excluding any flood control or surcharge storage.

LINE 4:

Item ㉗ REMARKS: Preface remarks with the item number to which it pertains. Example: 22-ORIGINALLY CONSTRUCTED IN 1928, 23-SETTLING BASIN. Only one remark line should be used for PART I remarks.

PART II - INVENTORY OF DAMS IN THE UNITED STATES
(PURSUANT TO PUBLIC LAW 92-367)

Item ① IDENTITY: Enter identity per GENERAL INSTRUCTIONS on PART 1.

PART 11

LINE 5:

Item ② D/S HAZ: Enter the digit that most closely represents the hazard potential that could occur to the downstream (D/S) area resulting from failure or mis-operation of the dam or facilities.

CATEGORY	HAZARD POTENTIAL	
	LOSS OF LIFE (Extent of Development)	ECONOMIC LOSS
3 = Low	None expected (No structures for human habitation)	Minimal (Undeveloped to occasional structure or agriculture)
2 = Significant	Few (No rural communities or urban developments and no more than six small inhabitable structures)	Appreciable (Notable agricultural, industrial or structural)
1 = High	More than few	Excessive (Extensive community, industrial or agricultural)

Item ③ CREST LENGTH: Enter, to the nearest foot, the crest length of the dam which is defined as; the total horizontal distance measured along the axis at the elevation of the top of dam between abutments or ends of dam. Note that this includes spillway width, powerhouse sections, and navigation locks where they form a continuous part of the dam water retaining structure. Detached spillways, locks, and powerhouses shall not be included.

Spillway:

Item ④ TYPE: Enter the one letter code that applies.

CONTROLLED = C UNCONTROLLED = U NONE = N

Item ⑤ WIDTH: Enter to the nearest foot, the width of the spillway available for discharge when the reservoir is at its maximum designed water surface elevation.

Item ⑥ MAXIMUM DISCHARGE: Enter the number of cubic feet per second which the spillway is capable of discharging when the reservoir is at its maximum designed water surface elevation.

Volume of Dam:

Item ⑦ VOLUME OF DAM: Enter the total number of cubic yards occupied by the materials used in the dam structure. If volume of separate materials is known, enter in remarks. Include portions of powerhouses, locks and spillways only if integral with the dam and required for structural stability.

Power Capacity:

Item ⑧ INSTALLED: Enter installed capacity to one tenth (1/10) Megawatt as of the report date.

Item ⑨ PROPOSED: Enter the future additional capacity proposed to one tenth (1/10) Megawatt.

Navigation Locks:

Item ⑩ NUMBER: Enter the number of existing navigation locks for the project.

Item ⑪ LENGTH: Enter to the nearest foot the length of the navigation lock.

Item ⑫ WIDTH: Enter to the nearest foot the width of the navigation lock.

Item ⑬ thru ⑮ Enter lengths and widths of additional locks.

LINE 6:

Item ⑯ OWNER: Enter name of owner. Abbreviate as necessary.

Item ⑰ ENGINEERING BY: Enter name of organization that engineered the main dam structure. Abbreviate as required.

Item ⑱ CONSTRUCTION BY: Enter name of construction agency responsible for construction of main structure. Abbreviate as required.

LINE 7:

Regulatory Agency:

Item ⑲ DESIGN: Enter the name of the organization other than the owner having regulatory or approval authority over the design of the dam. If no organization other than the owner has regulatory or approval authority over the design of the dam indicate NONE.

Item ⑳ CONSTRUCTION: Enter the name of the organization other than the owner having regulatory authority or inspection responsibilities over the construction of the dam. If no organization other than the owner has regulatory authority or inspection responsibilities over the construction of the dam indicate NONE.

Item ㉑ OPERATION: Enter the name of the organization other than the owner having regulatory authority, operational control, or surveillance responsibilities over the operation of the dam. If no organization other than the owner has regulatory authority, operational control or surveillance responsibilities over the operation of the dam indicate NONE.

Item ㉒ MAINTENANCE: Enter the name of the organization other than the owner having regulatory authority or inspection or surveillance responsibilities over the maintenance of the dam. If no organization other than the owner has regulatory authority or inspection or surveillance responsibilities over the maintenance of the dam indicate NONE.

LINE 8:

Inspection:

Item ㉓ BY: Enter the name of the organization that performed the last safety inspection. Abbreviate as required. If no inspection has been performed enter NONE.

Item ㉔ DATE: Enter the one (1) or two (2) digits for day, the first three (3) letters of the month and a two (2) digit year when the inspection was performed. If not applicable, leave blank.

Item ㉕ AUTHORITY FOR INSPECTION: Enter the legislative or regulatory authority for performing the inspection indicated in Item 53, i.e., P.L. 92-367; Div 3, Water Code, State of Calif; ER 1110-2-100; etc.

LINE 9:

Item ㉖ REMARKS: Preface remarks with the item number to which it pertains. Example: 34-2,500,000 c.y. conc. 475,000 c.y. earthfill. Only one Remarks line should be used for PART 11 remarks.
