Paris, April 25th —A Cabinet Council presided over by M. Millerand met at 9.30 this evening in the Elysee Palace and lasted until 11.30 o'clock. The Premier described at length to his colleagues the result of the conversation with Mr. Lloyd George at Lympe and the conditions under which the Allied Premiers had summoned the Conference of the Supreme Council in London, next Saturday. During the proceedings Louis Loucheur, Minister of Liberated Regions, left the Palace and started for London there to attend the meeting of the Allied experts, which is to be held prior to the Supreme Council. The Supreme Council's work will be conditioned upon the German note sent to Washington and the reports of the Allied experts on the economic administration to be set up in the Ruhr in the event that the German counter proposals are unsatisfactory. M. Briand has not yet been informed concerning the German proposals. He said that he hoped they would be worthwhile, but he had doubts of it. "They should be up to the Paris Conference minimum demands of the Allies", he added, "We would accept them with guarantees". When asked what sort of guarantees he replied that they would be along the lines of participation in the proceeds of German industry, a certain check on German customs receipts and deposits of gold. The Chamber of Deputies today have evidence of what is construed as its intention to support the Govt. in the occupation of the Ruhr, if that becomes necessary, by voting an increase of 20 million francs, for artillery. This action was taken against the advice of the Ministers of Finance. The Senate had re-

duced the artillery appropriation to 67,000,000 francs but former Minister of War Lefevre carried the point that an extra 20 million francs, would be the best financial economy if it aided in the enforcement of the treaty. What is termed, the effect of participation by the United States in the reparation settlement and necessity for occupation of the Ruhr region of Germany as a guarantee for Germany's execution of an agreement entered into, is emphasized by the evening newspapers today.
