Re: Sampling of Water Supply Wells During May/June 1994, Tutu Wells Site, St. Thomas,
U.S. Virgin Islands.

Dear Ms. Hodge:

The Tutu Environmental Investigation Committee (TEIC) is currently implementing a Remedial Investigation (RI) that includes an evaluation of the groundwater quality in the Tutu area. This work is being conducted in accordance with a work plan approved by the U.S. Environmental Protection Agency (USEPA). The sampling activities are being coordinated with the U.S. Virgin Islands Department of Planning and Natural Resources (DPNR).

On behalf of the TEIC, Geraghty & Miller, Inc. is coordinating the sampling activities in the Tutu area. This letter serves to notify Cynthia Hodge, as property owner, that your supply well, known as the LaPlace Supply Well, is tentatively scheduled for sampling on May 20, 1994. Access to your property will be in accordance with the signed Site Access Agreement dated September 1990, granting Geraghty & Miller access to conduct the sampling activities.
