Re: Tutu Wellfields Progress Reports

Dear Mr. Reed,

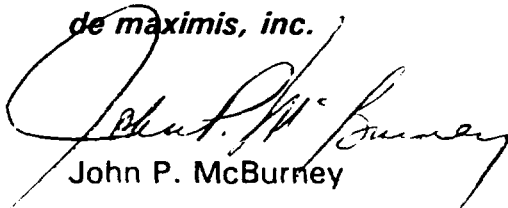

After a discussion with Caroline Kwan it has been brought to *de maximis'* attention that DPNR has been inadvertently omitted from the progress report distribution list. Please accept our apology for that oversight.

Enclosed for your review are progress reports covering the period from May to October, 1994. Please feel free to call us if you have need for further explanations.

Additionally, beginning with the November 1994 report, both you and Adrian Schottroff will be added to the regular distribution.

Very truly yours,

de maximis, inc.

John P. McBurney
