New York, Feb. 18th.—The raw sugar market was quiet today and prices declined 1/16 cent. There were sales early of 10,000 bags of Cuban at 7.32 and later 10,000 bags Porto Rican were bought by local refiners at 7.16 duty paid. Opening irregular, and from seven points lower to two points higher, raw sugar futures eased off under scattered liquidation and trade selling reflecting the continued light inquiry for refined and estimates of heavy receipts in Cuba. Final prices were two to six points net lower. March closed 5.44 May 5.46 July and September 5.50. The demand for refined sugar continued light and prices were unchanged at 8.90 to 9.00 for fine granulated. Refined futures nominal.
