THEY STAND UP TO THE HARDEST WORK

Heavy duty and heavy going serve to emphasize the strength, grip and rugged wearing quality of Goodyear All-Weather Tread Solid Tyres.

Much thicker than ordinary smooth-tread solid tires, Goodyear All-Weather Tread Solids wear down slowly, pile up thousands of miles of trouble-free hauling, and give the lowest cost per tire mile.

Goodyear All-Weather Tread Solid Tyres have the advantage of the All-Weather Tread design when it comes to traction. They take hold eagerly and hang on securely.

If your hauling requires a tire of maximum strength, tractive power, wearing quality of cushioning ability, get the Goodyear All-Weather Tread Solid.
