

"If I remember  
rightly, there hasn't  
been a day without Scott's  
Emulsion in our home."

What this old gentleman  
says is true in a great many  
homes where health and  
strength is valued through-  
out all periods of life.

So many diseased con-  
ditions have practically the  
same cause, that thousands  
of sensible people have  
come to the conclusion that  
when Scott's Emulsion will  
not suffice, medical advice  
is necessary, and then the  
Doctor often says:

TAKE  
**SCOTT'S  
EMULSION**

## Quebec Steamship Co.

THE S. S. GUIANA

from Windward Islands is due at Fred-  
eriksted at 6 o'clock on Sunday morning  
and will proceed to New York via St.  
Thomas, accepting freight and passen-  
gers.

ROBT. L. MERWIN & CO., INC.,  
Agents.

OF LONDON  
GEO. L. MARKOE,

Agent for Frederiksted's District.  
**ERIK R. STAKEMANN**  
Agent for Christiansted's District  
Policies are not subject to average.

## Why Pretty Teeth

Are shown everywhere today

Look about you. Note how many teeth now  
glisten. Note how people show them as they never  
did before.

Millions of people are brushing teeth in a new  
way. If you don't know the good results, make  
this free test.

### Fight dingy film

One object is to fight the film on teeth—that  
viscous film you feel. It clings to teeth, enters  
crevices and stays. Food stains, etc., discolor it,  
th. it forms dingy coats. Tartar is based on film.

No ordinary tooth paste effectively combats  
film. So, under old methods, beautiful teeth were  
seen less often than today.

Film also holds food substance which ferments  
and forms acids. It holds the acids in contact with  
the teeth to cause decay. Germs breed by millions  
in it. They, with tartar, are the chief cause of  
pyorrhea.

Very few people escaped such troubles under old  
ways of teeth cleaning.

### You see them now nearly the world over

These glistening teeth are now seen nearly the world  
over. Careful people of some fifty nations are now using  
Pepsodent. And those whiter teeth mean safer teeth.  
They mean a new dental era.

Send the coupon for a 10-Day Tube. Note how clean  
the teeth feel after using. Mark the absence of the vis-  
cous film. See how teeth whiten as the film-coats dis-  
appear.

This test will be a revelation, amazing but delightful.  
Cut out the coupon so you won't forget.

MARK  
**Pepsodent**  
TRADE

The New-Day Dentifrice

A scientific film combatant, which whitens, cleans and  
protects the teeth without the use of harmful grit. Now  
advised by leading dentists the world over. For sale in  
two sizes by all druggists.

## Free

To every home—a  
ten-day test

### New ways found

Then dental science found two film combatants.  
One acts to curdle film, one to remove it, and  
without any harmful scouring.

Able authorities proved these methods effective.  
Then dentists everywhere began to advise their use.

A new-type tooth paste was created, based on  
modern research. The name is Pepsodent. In that  
tooth paste are embodied those two great film  
combatants.

### Five effects

But Pepsodent brings five effects. These are  
very important. It multiplies the alkalinity of the  
saliva. That is there to constantly neutralize the  
acids which cause decay.

It multiplies the starch digestant in the saliva.  
That is there to digest starch deposits on teeth  
which may otherwise ferment and form acids.

Those are Nature's ever-present tooth-protecting  
agents. Every use of Pepsodent gives them mani-  
fold effect.

Pepsodent also polishes the teeth so film adheres  
less readily.
