Glass etc.

AND MANY OTHER ARTICLES.

Hans Boje & Jean Petersen.

Post Office Notice

COMMENCING Saturday, Oct. 23, 1921,
this office will be closed on Saturdays
at 4 p. m., and the hour for closing
the mail for Saint Thomas, Porto Rico
and the United States will be extended
to 4 p. m., instead of 3 p. m. as at pres-
ent. This change is occasioned by the
fact that owing to the continuous de-
mand for service at the post office win-
dows on Saturdays until 5 p. m., it is
practically impossible to divert the
necessary attention to closing and dis-
patching the mail which should reach
Frederiksted at a certain hour, and en-
tails considerable time to make up.
While general business will be suspended
at 4 p. m., the public will gain one hour
additional in which to catch the outgoing
mail, and it is calculated that this ar-
rangement should redound to mutual
advantage for patrons and the service.
As regards the mail from Frederiksted,
it is so arranged that this will be deliv-
ered by 4 p. m. The earnest cooperation
of the public is invited in observing the
proper hours in which post office service
will be given patrons, and it must be
enjoined that while it is sincerely de-
sired to extend the maximum facilities
an accommodation to all patrons at all
times, demands for service when the
office is necessarily closed for the taking
up of specific duties, manifestly operate
against the efficiency of the service and
should be discouraged.

Read this Important Paragraph from
a letter from the Factory of the
famous Tires

VIKING CORD

THE TIRE OF SUPERIOR QUALITY

AT A MODERATE PRICE

"We pay our Workmen in Tires a very
high wage. We keep the number of each
Tire which each man makes. Then, if
there are any just complaints, we refer
to the number of the Tire, and the man
who has made it have to pay the claim.
The workmen agree to this, because
they receive very much higher pay than
is customary in other factories; and by
having to pay the claim in there is
any--is undoubtedly the cause that they
take special care in the construction of
these tires; and to this is due the great
record of the "Viking Tires".
