This Oil Stove Makes Bread Perfectly.

Not only thousands of housewives but many nationally respected Domestic Science Experts have tested out this Red Star Oil Stove. Everywhere the verdict is the same. No range of any kind burning any kind of fuel can out-cook, out-bake, out-roast, out-fry it. The Red Star at a cost of only a few cents an hour will prepare any dish in your recipe book in the exact time called for.

RED STAR
Detroit Vapor
OIL STOVE

Prices Down to Bed Rock

This great cooking efficiency is due only to the Red Star Burner—an invention years ahead of its time. This wonderful burner has no wicks—no wick substitutes. It is all-metal—weighs 8½ lbs. Makes gas from kerosene, gasoline, etc. Gives two rings of hot blue gas flame instead of one sickly ring. Right up next to the cooking utensil. Burner becomes red-hot adding more heat. Gives enough heat for any kind of cooking. Uses only one gallon for 19 hours of steady cooking. Saves 25% of fuel.

Prices Reduced

The Red Star is now selling at greatly reduced prices due to reductions made by the manufacturers. In addition the new stove has many improvements. We have never offered better value. Come in and witness a demonstration.

R. L. Merwin & Co.
