GOVERNMENT OF THE
VIRGIN ISLANDS OF THE UNITED STATES
ST. CROIX

Official Publication

IT is with much gratification that I
inform the people of the Virgin
Islands that the Honorable, The
Secretary of the Navy, is sending an
officer of the Civil Engineer Corps
of high rank, to the Virgin Islands
for the purpose of investigating
and reporting upon the means of
providing a water supply for the
towns of St. Thomas, Christiansted
and Frederiksted. It is expected
that this officer will reach the Vir-
gin Islands the latter part of the
present month.

The Honorable, The Secretary of
the Navy, has also informed me
that the Department of the Interior
has agreed to send a Reclamation

Engineer to the Virgin Islands to in-
vestigate and report upon the possi-
bility of water conservation for
agricultural purposes, and that this
engineer will probably arrive in the
Virgin Islands the latter part of
February.

We have now the assurance that
the problem of water for the Virgin
Islands is about to receive the ex-
pert investigation necessary to even-
tual solution and in view of this,
I earnestly urge that the people
adopt an optimistic view as to what
the future may hold for us.

of the United States, St. Croix, 5
