WHAT A WOMAN SHOULD DO WHEN SHE IS WEAK AND NERVOUS

THOUSANDS OF WOMEN HAVE SURPRISINGLY INCREASED THEIR STRENGTH, ENERGY AND ENDURANCE IN TWO WEEKS TIME BY THIS SIMPLE EXPERIMENT.

On account of the terrible weakness, nervousness and alarming symptoms, which are often produced by iron starvation of the blood, the sufferer frequently never suspects the real cause of her trouble but thinks she has some other ailment. As a result of iron starvation you may suffer from headaches, dizziness, shortness of breath or heart palpitation, pains across the back, loss of memory, weak will power, melancholy or the "blues," disturbed digestion, loss of appetite, sleepless nights, night sweats and so on. In such cases do not wait until you go all to pieces and collapse in a state of nervous prostration but eat more spinach and green vegetables and take organic iron like Nuxated Iron with them for a while and see what a difference it makes. But be sure the iron you take is organic iron and not metallic iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron, while organic iron like Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples. Beware of substitutes. Look for the name "Nuxated" on every package and the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.
