LOCAL.

Movie patrons are referred to the big program to be screened at the Christiansted Theatre tonight, and published in this issue.

The Native Brass Band delivered one of its delightful popular concerts last night to the entertainment of appreciative listeners. Fine moonlight weather prevailed.

The S. S. "Marina" arrived at this port at 4.00 p. m. on Saturday last, landed passengers and freight and 98 bags, boxes, etc., mail for Christiansted and sailed for Frederiksted immediately after. The mail is of such volume these days that it is sent ashore in a lighter like a load of cargo. It is requested mentioned that owing to the quantity of the mail and the late receipt of the letter bags it was found impracticable to make a general delivery on Saturday evening as had been promised.

BIG OVERLAND ORDERS SINCE PRICE WAS CUT.

So great is the demand for overland and Willys-Knight cars, following the recent smashing price reduction, that dealers are going to the Toledo Factory and driving away cars rather than wait for railroad deliveries.

The number of dealers taking delivery at the factory is increasing daily it is reported. Yesterday scores of cars left by road for cities and towns within a five hundred mile radius of Toledo.

The volume of orders, according to Willys-Overland officials, has surpassed all expectations. Every day has shown an increase with indications that the driveaways are still far from the peak.

One noteworthy feature of the increased business is the number of large orders from small towns.
