Re: Closure Report for Underground Storage Tanks
Western Auto, St. Thomas, US Virgin Islands

Dear Ms. Kwan:

Enclosed herewith please find our Closure Report for the removal of two underground storage tanks from behind the Western Auto store located at the Four Winds Plaza Shopping Center in St. Thomas, US Virgin Islands. The removal of these tanks occurred during October 19-29, 1993.

As indicated within, these removal activities were performed in accordance with the "Removal/Closure Plan for Two Underground Storage Tanks" as revised upon review by your office and approved by the Department of Natural Resource (DPR) on August 31, 1993.

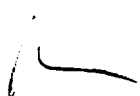

Also enclosed is a copy of a letter sent to Thomas Danahy, Project Manager at Geraghty & Miller. By the enclosed letter Western Auto has submitted to Geraghty & Miller, as the repository for all members of the Tutu Well Field PRP Group and for EPA, all reports, data and information created or collected by its environmental experts.
